# KARAN MEHTA

AI ML Engineer | karan.mehta@email.com | +91-9876543222

## *SUMMARY*

Applied ML engineer with 6 years of experience in NLP, recommender systems and production LLM applications.

## *SKILLS*

• Python, PyTorch, scikit-learn, Hugging Face
• MLOps: MLflow, Docker, Kubernetes, SageMaker
• LLMs: RAG pipelines, fine-tuning, evaluation harnesses
• SQL, Spark, Airflow

## *EXPERIENCE*

• Senior ML Engineer, Insightly (2021-present): built a RAG assistant for support teams that deflects 30% of tickets; reduced inference cost by 35% through caching and model routing.
• ML Engineer, RetailAI (2018-2021): improved the F1 score of a product-classification model from 0.71 to 0.84 and deployed it with drift monitoring.
• Data Scientist, Analytica (2017-2018): churn and demand forecasting models.

## *EDUCATION*

M.Tech Data Science, 2017
